

UNIVERSAL PIPE CLAMPS

Harger proudly introduces a new family of pipe clamps with some very unique features. All clamps provide 1-1/2" of contact area to ensure sufficient electrical contact for both ground fault and lightning current. These clamps can be connected to ground conductors via exothermic connections and/or standard compression lugs. The UPC.75/1.25 provides bi-directional grounding capabilities making it the perfect connection for grounding fence rail to fence post applications. Sizes range from 3/4" up through 6" nominal pipe diameters. All clamps are manufactured from highly conductive tinned copper and feature stainless steel hardware.

Catalog Number	Pipe Size
UPC .75/1.25	3/4"-1-1/4"
UPC 1.5/2	1.5"-2"
UPC 2.5/3	2.5"-3"
UPC 3.5/4	3.5"-4"
UPC 5/6	5"-6"
