 Product No. V2-ID-CTEN-12124C

SPECIFICATIONS

Dimensions: 23.75" x 23.75" x 6" (Including AP Cover)

Construction:

Universal Base and Interchangeable Door – Powder Coated Aluminum 5052

AP Cover – Polypropylene

Weight:

4.5 lbs

Compliance:

UL 2416/CSA 60950, OSHPD requirements and NEC300-22 and 300-23 standards. OSHPD Certified.

Ventev's Ceiling Tile Enclosure with AP Cover provides an aesthetically pleasing solution to deploy indoor access points in a suspended grid. The Interchangeable Door allows you to replace only the door for future AP upgrades, saving significant time and cost. The enclosure has a Universal 12x12x4" AP cover (white or semi-transparent) that can accommodate many different APs. The enclosure is constructed of powder-coated aluminum and fits 2'x2' and 2'x4' regular and Tegular suspended ceiling tile grids (a T-bar Strip is included to accommodate 2'x4' grids.)

Ventev's CTEN product line is compliant with UL 2416/CSA 60950, OSHPD requirements and meets NEC300-22 and 300-23 standards. One design fits most APs in market.

Every Ventev enclosure is covered by a two-year Terra-Net warranty program.

For more information or to purchase, contact Ventev: 800.851.4965 or sales@ventev.com.

FEATURES AND BENEFITS

- Easily fits into any 2' x 2' or 2' x 4' ceiling tile grid
- Lightweight enclosure reduces strain on ceiling grid to accommodate the increased weight of the AP
- Interchangeable door simplifies migration to new APs without changing the enclosure base
- Aesthetic, sleek form factor design blends enclosure and bulkier AP seamlessly within existing ceiling tile grid
- Minimal components allows for simple installation—no modification of existing ceiling tile grid required
- Designed to allow the AP to be serviced without removing enclosure from ceiling tile grid
- Enclosure back box protects against dust and debris to assist in compliance with ICRA requirements
- Safe to deploy in plenum/air handling installations
- Includes integrated mounting tabs to assist in securing enclosures to permanent fixture or structure
- Includes key lock for additional security and cord grip
