

# Wi-Fi Hard Lid Ceiling Enclosure

with Interchangeable Door for Larger Access Points

Ventev's Hard Lid Ceiling Enclosure (HCEN) with Interchangeable Cover Door (option of white or clear) provides an aesthetically pleasing and inconspicuous solution to deploy wide range of access points in a drywall, stucco, or wood ceiling. The enclosure is compatible with most common large access points. The interchangeable door allows you to replace only the door for future access point upgrades, saving significant time and cost.

Meets UL 2416-audio/video, information and communication technology equipment cabinet, enclosure, and rack systems and CSA C22.2 No. 60950-1-safety of information technology equipment. Meets NEC300-22 and 300-23 standards and common building code requirements.

## Available Models

Description	MFG Part #	SKU
White Cover	ID-HCEN-12124XL-W	233075
Clear Cover	ID-HCEN-12124XL-C	270523
