Spectrum Compact

SPECTRUM ANALYZER 0.3 - 87.0 GHz AND SIGNAL GENERATOR 0.3 - 40.0 GHz

Details Related Feed Knowledge

Case Overview

Description

- Essential tool for interference detection, site survey, and path alignment
- Market leading receiver sensitivity
- Instant On/Off functionality with simple, intuitive controls
- Stand-alone tool, no external controller required
- Included PC software for post-measurement analysis and reporting
- Resistive LCD touchscreen allows working with gloves on
- World's smallest mmWave spectrum analyzer designed specifically for comfortable outdoor use in a variety of challenging environments

Omni-Channel

Busy

You have no active requests.

New (0) My work (0)

Good morning PK Team,

There are some more SAF SKUs that need to be fixed on TCOM.

WWW.SPECTRUMCOMPACT.COM

The Spectrum Compact products have 2 data sheets. They need to have one data sheet stay, and one removed.

Stay - 510148_SC_applications

Remove from SKU - 510148_SpectrumCompact datasheet

Add - file that is in this case

Spectrum Analyzers
