Hole Saw & Accessories

NICKEL-PLATED HOLE SAW - REPLACEMENT DRILL BIT

The HS38-L Hole Saw features a replaceable self-centering pilot bit (HS38DB). It also features a 1/8" depth limit that will prevent damage to the underlying headliner, yet it is deep enough to drill through thicker aluminum surfaces encountered on utility vehicles and ambulances. It is designed for a 3/8 drill chuck and is nickel-plated to guard the tool against corrosion.

HS38DB

SPECIFICATIONS

Item Height	1-1/2 in
Item Length	3/4 in
Item Width	3/4 in
