Multi-Connector Co-Location Mount for Cisco and T-Bar Mounted APs

Ventev's Multi-Connector Co-Location Mount for Cisco and T-bar mounted APs is designed to provide overhead antenna coverage in non-carpeted industrial spaces such as warehouses while providing simplified deployment and aesthetically pleasing appearance when mounted. This co-location mount can be secured using ibeam clamps, conduit or threaded rods.
Every Ventev mount is RoHS compliant and is covered by Ventev's two-year TerraNet warranty program.
