

RECOMMENDED HAVIS ACCESSORIES

Seat Belts

Full set of standard two-point lap belts for entire insert

Roof Power Vent

Draws air through the compartment to increase airflow throughout the unit

Rear Flip Down Step

Attaches to rear step for safer entry and exit of the van
(Flip Down Step NOT recommended for Dodge ProMaster or Ford Transit Vans)

Rear Load Light

Provides additional lighting and security when loading and unloading prisoners

Sound Deadening Insulation

Reduces sound and insulates to improve climate controls

Seat Dividers

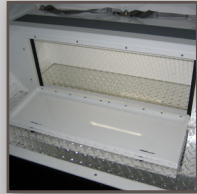

Separation of interior seat benches to prevent sliding

Video System Option

Includes 1-4 cameras to view and record in each compartment of your insert

Underbench Storage

Store necessary items easily and safely under the benches in the side compartment

Intercom System Option

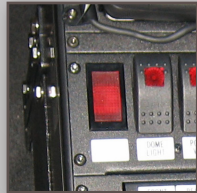

Intercom system lets you listen to rear compartments and offers a push-to-talk feature

Meal Pass Through

Hinged door to safely pass items to prisoners compartment

Audio Visual Alarm

Activates buzzer and warning light when rear compartment doors are open

Thermometer Option

Monitor the ambient temperature with your prisoner transport insert

UNSURPASSED SAFETY & DURABILITY

Standard Features of Prisoner Transport Insert

- All aluminum construction
- White powder coat finish (bulkheads, doors & hatches)
- Up to 3 prisoner compartments
- Transport capacity for up to 12 prisoners
- LED Dome lights in prisoner area
- 10" x 48" non-slip rear step
- 10" x 30" non-slip side out step (for side compartment units)

Standard Safety Features for Officers & Inmates

- Heavy-duty "Slam Latch" doors
- Emergency exit hatch for each compartment
- Grab straps for each seat location
- Non-slip seat tops and aluminum floor
- No sharp edges or protruding hardware
- White powder coat finish is easy to clean, durable and improves visibility in the insert

Easy Installation Options for Your Solution

- If you have your own installation facility, you can follow our step-by-step instructions to assemble the insert yourself.
- You can also contact a Havis reseller to install your prisoner transport insert.
- Inserts are shipped fully assembled

Transferring Your Insert

- Many times, your prisoner transport insert will outlast the service life of your van.
- Since our inserts are bolted, not welded, into your van, you can easily transfer your insert into a new compatible van.

COMPATIBLE TRANSPORT VANS

Supported Passenger Vans

- 2007-2014 Dodge/Freightliner/Mercedes Sprinter
(Standard length/High Roof)
- 2012-2015 Nissan NV3500HD
(Standard length/Low Roof)

Prisoner Transportation Units

Outfitting a van to handle prisoner transport is a smart investment. Not only can you move up to 12 people at a time, you can also use the van for patrol or moving bulky items like barricades, cones, bikes or large evidence. It becomes part of your daily on-street fleet.

Havis builds outstanding prisoner transport systems for standard and extended length passenger vans. Offered in three different compartment layouts, the units allow you to transport a combination of 6 to 12 people in 1 to 3 compartments as well as offer room for storage.

Havis solutions minimize risk to officers and inmates while maximizing efficiency of use. Havis solutions are also designed with weight in mind, improving vehicle handling while reducing fuel costs.
