

Wi-Fi Right Angle Wall Mount

with Large Access Point Cover

Connect, Protect, and Enable™

Ventev's Wi-Fi Right Angle Wall Mount with clear or white large access point hinged cover and T-bar backplate is designed to provide optimal Wi-Fi coverage in high ceiling structures. With an integrated access point cover, this enclosure can comfortably fit most indoor access points and provide maximum protection from tampering without RF interference. The enclosure can be horizontally mounted on a wall, making it ideal for warehouses, hospitals, campuses, and universities. Designed using powder coated steel, this lightweight enclosure is easy to deploy and ensures safe and reliable installation.
