

EM-MAG-FME-058

Magnetic Mount, NMO (1-1/8"-18)

- Low-Profile
- Simple Installation: Magnetic Attachment
- NMO Mount: All brass components with silver plated contact
- Magnetic Base: Heavy-Duty 14 gauge steel
- PE/Vinyl pad protects against surface scratching & maintains high-strength magnetic attachment
- 17 ft. (5.1m) Cable
- Radio connector adapter sold separately
- Rubber boot included for optional use

Radio Termination Adapters

EMFME-MP

FME Male to Mini UHF

EMFME-PL

FME Male to PL259 Plug

EMFME-QP

FME Male to QMA Plug

EMFME-TP

FME Male to TNC Plug

EMFME-NP

FME Male to N Male Plug

Electrical Specifications

Frequency Range	Up to 1000 MHz
Impedance, nominal	50Ω

Mechanical Specifications

Magnet Base (Outside Diameter)	3.2 in. (81.3 mm)
Mounting Application / Type	Magnetic Attachment / Non-Permanent
Magnetic Pull Force Retention, Z-Axis Cable [†]	40 lb. (18.1kg)
Cable Length	17 ft. (5.1 m)
Connector Type	FME
NMO Mount Material	Brass
Magnetic Base Material Finish	High Strength 14 ga Steel, Black Powder Coat
Operating Temperature Range	-40° to 85° C

[†]Other cable types may be available upon request.
