

## R&M USA, Inc. Wall Mount, Closed, Dual Door, L8 Panel

The R&M USA, Inc. Wall Mount, Customer Closed, Dual Door, L8 Patch and Splice panel provides a protected patch or splice point for wall mount applications. Removable dual doors and intelligent fiber management allow flexible termination options.

### SPECIFICATIONS

Height	Width	Depth	Adapter Plates	Weight (unloaded)
15.5 in 39.7 cm	15.5 in 39.7 cm	6 in 15.24 cm	8	7 lbs. 3.18 kg

- Industry standard 118mm adapter plate design allows for 8 adapter plates and up to 192 fibers using LC quad adapters
- Two removable, locking doors to secure the panel while allowing access to users
- The R&M design features strategically placed bridge lances (mechanical tie downs) for the most user-friendly fiber management system in the industry
- Captive/Non-Captive Cable Entry. Nine cable entry/exit points.
- Flex conduit can be run into cable entry points
- Locking door on the termination side, optional lock on the user side.
- Can be pre-loaded by R&M with adapter plates, adapters, pigtails, or splice cartridges
- Custom and standard loading options available
- Removable universal splice tray holder for up to 12" splice trays
- Rust free aluminum construction with indoor/outdoor powder coat

### TERMINATION OPTIONS INCLUDE:

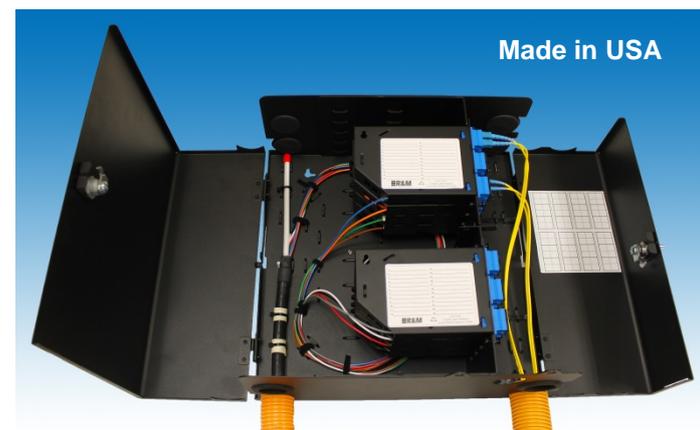

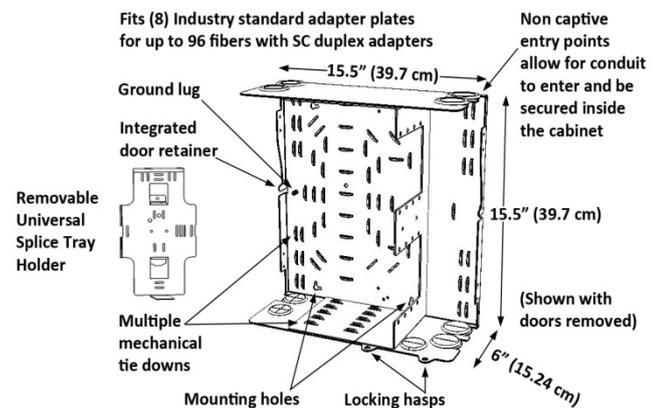

- Direct termination
- Industry standard splice trays
